#### **DETAILED ACTION**

1. According to paper filed on Sep. 11, 2009, the applicants have amended claims 1-7.
2. Claims 1-7 are pending in the application.

#### ***Response to Arguments***

3. Applicant's arguments filed on Sep. 11, 2009 have been fully considered but they are not persuasive regarding indefiniteness rejection of claim 3. Also, the applicants have not amended claims to read upon the elected group. In regard to claim 3, the applicants mention that they have amended claim 3 to define R0 with greater precision. This is not true. The applicants have amended the values of variables R1 and R2 instead of R0 in claim 3. In regard to objection of claims for containing non-elected subject matter, the

restriction was made final in the last office action and therefore, the applicants need to amend claims to read upon the elected group.

***Conclusion***

4. Rejection of claim 3 under 35 U.S.C 112, second paragraph is maintained for the reasons of record.
5. Claims 1-7 are objected for containing non-elected subject matter.

**NEW GROUNDS OF REJECTION**

***Claim Rejections - 35 USC § 112***

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claim 3 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 3, the values of variables R1 and R2 as ---- a substituted or unsubstituted alkyl group, a substituted or unsubstituted cycloalkyl group and a substituted or unsubstituted aralkyl group ----- are defined twice.

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
